

# POETRY CONTEST!

Roses are red,  
Violets are blue.  
What does physics  
Mean to you?

In honor of the World Year of Physics,  
Lawrence Livermore National Laboratory  
is sponsoring a Physics Poetry Contest for all  
high school students in the Livermore and  
Pleasanton school districts.

Physics is the science of matter, energy, space, and time.

The stars above, the earth below and everything in between — they're all physics. So get in touch with what moves you about physics and express it in a poem. It might be a physical phenomenon, an event involving physics, how physics affects our lives, or maybe about a physicist in history.

The poet whose muse moves our judges the most wins \$100.

- Entries must be the original work of the contestant, and typed if submitted on paper.
- Entries cannot exceed 80 lines.
- The poem must be written in the English language.
- One entry per poet.
- Send entries to: Gordon Yano, Public Affairs Office, Lawrence Livermore National Laboratory, L-797, Livermore, CA 94551. Or e-mail to [yano1@llnl.gov](mailto:yano1@llnl.gov)
- Entries may also be hand-delivered to the LLNL Public Affairs Office, located at LLNL's East Gate on Greenville Road in Livermore.
- Poems must be received by May 6, 2005. Entries will not be returned.
- Entries must include the poet's name, phone number, mailing address and/or e-mail address (if available) and high school.
- Winning entry will be selected by a panel of judges chosen by LLNL, including the Pleasanton Poet Laureate and the Pleasanton Poet Laureate Emeritus.
- The decision of the judges will be final. Poets retain all rights to their work.
- Winner will be notified by May 23, 2005 via telephone and/or e-mail.
- Winner will receive a cash prize of \$100.
